ARE YOU REGISTERED?

As a reminder, the last day to add or drop classes is **Sunday, January 13th at 11:59 pm.** Go to http://suonline to confirm the accuracy of your schedule and to add or drop a class this week. For instructions on how to drop a course, please see our Knowledge Base Article: How do I drop a course online? As of **Monday, January 14th** you must withdraw from classes, dropping a class will no longer be possible. You are responsible for payment according to the fee schedule outlined on the Student Financial Services website: http://seattleu.edu/sfs.

To remain eligible for residency in one of the Residence Halls (Bellarmine, Campion, Chardin, or Xavier), and the Murphy Apartments, you must be registered at the University as a full-time matriculated student. Full-time is defined as 12 undergraduate credits or more. If you have a medical issue that requires you to take less than full-time credits, contact Rich Okamoto, in the office of Disability Services (206-296-5740) to complete the appropriate documents to qualify for less-than full time status. If you need to request an exemption to this policy please contact the housing office.

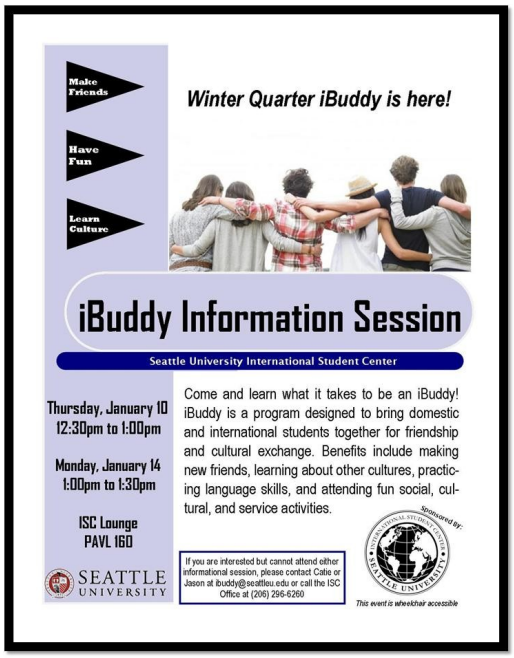
NEW EMERGENCY CAMPUS ALERT SYSTEM—SIGN UP NOW

The emergency alerts sent out by the department are issued when we become aware of activities that may pose a threat to the safety of university community members. We receive this information through a number of channels, including close monitoring of Seattle Police Department radio traffic and from our own Campus Public Safety officers. Additionally, federal law (the Clery Act) requires universities to publicly report certain crimes on and near campuses in a timely manner, which significantly influences the manner and frequency with which these alerts are issued.

Emergency alerts are key to maintaining the safety, security and well being of our community. We are actively reviewing emergency alert and response procedures and taking steps to enhance the emergency alert system and our response, including providing more informative alert messages. The alert notifications are for the benefit of all and everyone is strongly urged to read them and follow any guidance that may be issued. I strongly recommend that every community member sign up for E-2 Campus at; https://www.e2campus.net/my/seattleu/signup.htm or renew your account at; https://www.e2campus.net/my/seattleu/index.htm

In addition to improving the alert system, Campus Public Safety will increase its presence on university grounds and on off-campus properties. As a result, you may notice increased patrols by security personnel—both on foot and in vehicles. Moreover, we will conduct additional crime prevention environmental surveys of the campus and its perimeters to ensure that the buildings and environs (e.g. lighting, landscaping, etc.) serve to further enhance the safety of our community members.



iBuddy is kicking off for Winter Quarter!
