Students who can demonstrate that they are covered by a comparable plan may submit a request to have the SU insurance charge waived. Waiver requests must be submitted each new academic year before the end of the add-drop period for their first full-time quarter (September 25 for fall quarter 2012-13) to have the student health insurance fee taken off their student account. For more information about student health insurance, including access to the online waiver request, go to the Student Health Center website: www.seattleu.edu/student-health/.
