Seattle University MIT Program Endorsement Verification for Earth and Space Science*†
(Secondary)

Name_____ Phone Number_____ Email_____ Date_____ Planned Entry (Qrt & Yr)_____

Pre-Admission requirements: Applicants with an academic major in an endorsable area are given priority.

1) Hold a bachelor's degree from a regionally accredited university and have a minimum GPA of 3.0 in the last 90 quarter/60 semester credits. All courses must be a grade of C or better. Do **not** list courses that are a C- or below.
2) Have completed a minimum of 30 quarter/20 semester credits in earth science including a lab course. Pass the WEST E test for Earth Science.
3) Complete this form including coursework that you plan to complete prior to the beginning of the MIT program**. Courses can be listed in more than one category if appropriate, but credits are only counted once. If a course title does not specifically identify a content area, submit additional documentation. Acceptable documentation includes 1) copy of the catalog course description including the front cover of the catalog, indicating the name of the institution and year course was taken, 2) syllabus, or 3) letter from the chair of the department.
4) Submit this affidavit, any verification documents, and transcripts at the time of the application.

Undergraduate major(s)_____ Undergraduate minor(s)_____ Graduate degree (if appropriate)_____

This is an affidavit. It is essential that all information is accurate.

Subject	Course Prefix & #	Course Title	Year Taken	College/University	Credits		Course Grade	FOR MIT OFFICE USE ONLY
					Sem	Qtr		
Earth Science: e.g. astronomy and space science, geology, geophysics, lab safety, practices, and management (classroom lab in earth science addresses this competency), meteorology, oceanography, etc.								Approved ☐ Needs:

AFFADAVIT

I, _____, certify (or declare) under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct.

_____ Date and Place

_____ Signature

*If you are currently enrolled in the MIT Program and this is an additional endorsement in a secondary subject, you may need to enroll in a subject methods module for two continuing education credits. Check with your advisor.

**Coursework cannot overlap the MIT Program. For spring admits please note that the program begins three weeks prior to spring quarter.

†One endorsement is required for certification in Washington State. Additional endorsements must be approved by the MIT faculty at the end of the first block of the MIT program.
