CMST 203 or SPCMU 103	CMJR X (NOT FOR CMJR MAJOR) (H)
CMST 215 or SPCMU 230	CMJR X (NOT FOR CMJR MAJOR) (H)
CMST&/SPCMU 220	CMJR 230 (H)
CMST& 230 or SPCMU 290	CMJR X (MAJORS SEE DEPT)*(H)
CMST 235 or SPCMU 225	CMJR X (MAJORS SEE DEPT)*(H)
CMST 244 or CMU 211	CMJR X (NOT FOR CMJR MJR)
CMST 245, 249 or CMU 212, 225	CMJR X (6 CR LIMIT; NOT FOR CMJR MAJOR)
CMST 247 or CMU 221	CMJR X (NOT FOR CMJR MAJOR)
CMST 249, 245 or CMU 225, 212	X (6 CR LIMIT; NOT FOR CMJR)

*Note: with dept approval, one of these lower-division courses may be used to satisfy one upper-division communication studies major requirement or elective.

COMPUTER INFORMATION SYSTEMS- Limit of 10 credits allowed for all CPSC X courses.

CIS 105	CPSC 103
CIS 152, 153	CPSC X
CIS 162, 163, 172 or 173	CPSC 151 for EE majors; CS & COMPE majors see dept to determine application for computer science courses.
CIS 254, 264, 274	CPSC X (MAJORS SEE DEPT)

COMPUTER SCIENCE - Limit of 10 credits allowed for all CPSC X courses.

CS 121 or COMPU 131	CPSC X
CS 122	CPSC X
CS& 141*, CS 142, 143 or COMPU 142*, 143	CPSC X (MAJORS SEE DEPT)
CS/COMPU 201*	CPSC 231

*CS& 141/COMPU 142 or CS/COMPU 201 equals CPSC 151 for EE majors, CS& 141/COMPU 142 satisfies MEGR 281 for CEEGR majors, CS & COMPE majors see dept. to determine application to computer science courses.

CRIMINAL JUSTICE – 30 credit limit on transfer courses from a community college to Criminal Justice major; Forensic Science specialization allows up to 50 credits.

CJ& 101 or CRIM JUS 131	CRJS 110 (SS)
CJ& 106 or CRIM JUS 138	CRJS 303 (NOT UPPER DIVISION) (SS)
CJ& 110 or CRIM JUS 133	CRJS 312 (NOT UPPER DIVISION)
CJ& 112	CRJS 209 (SS)
CJ 120 or CRIM JUS 134	CRJS 310 (NOT UPPER DIVISION)
CJ 238	CRJS X (SS)
CJ& 240	CRJS 480 (NOT UPPER DIVISION)
CJ 241, 242	CRJS X (CJ MAJORS ONLY)
CJ/PHIL 248	PHIL X (NOT CORE ETHICS) (H)
CJ 249	CRJS X (CJ MAJORS ONLY)

DRAMA - Fine Arts majors must take 20 major credits at SU.

DRMA& 101	THTR X (H)

The Washington State Community and Technical Colleges use a common course numbering system. Courses that have been determined as being comparable among the colleges, are identified by having an ampersand in the subject code, e.g.: ENGL& 101.

Transfer guides are updated throughout the year as necessary. See www.seattleu.edu/registrar and click on transfer guide link for current information.

2012-2013 **Revised for 2013-2014 Core**
SHORELINE CC **SEATTLE UNIVERSITY**

Direct Transfer Associate Degree (DTA)

Students admitted to Seattle University for the first time, who have already completed Associate in Arts and Sciences: Option A (DTA) degree awarded by Shoreline Community College will be granted 90 credits, junior standing, and will have fulfilled university CORE requirements with the exception of philosophy, theology, ethics, upper-division courses and specific requirements for professional degree programs. The degree must meet Intercollege Relations Commission guidelines of 1990 or later.

Courses used to satisfy the DTA degree communication skills, quantitative/symbolic reasoning skills, as well as the lab science requirement, must be graded C- (1.5) or better

Associate of Science – Transfer Degree

Students admitted to Seattle University for the first time, who have already completed the Associate of Science, Track I or Track II degree awarded by Shoreline Community College will be granted 90 credits in transfer and junior status. They will receive recognition for the required composition course and at least three humanities/social science courses, and will complete general education requirements (core curriculum) at Seattle University after transfer.

Courses used to satisfy the degree communication skills and quantitative reasoning skills degree requirements must be graded C- (1.5) or better.

Colleges of Science & Engineering and Nursing
The College of Science and Engineering and the College of Nursing require a minimum grade of C (2.0) in all transferred engineering, math, nursing and science courses that will apply to the major program.

Physics
If a physics series is included in the 90 completed credits, students seeking engineering or physics degrees or the B.S. in Chemistry must have the calculus-based physics series. A calculus-based course is required for the BS in Computer Science-general option and math specialization.

September 2012

See following pages for additional information.

The Washington State Community and Technical Colleges use a common course numbering system. Courses that have been determined as being comparable among the colleges, are identified by having an ampersand in the subject code, e.g.: ENGL& 101.

Transfer guides are updated throughout the year as necessary. See www.seattleu.edu/registrar and click on transfer guide link for current information.

(CE),(H), (M), (R), (SS), (W) For Registrar's Office Use

Seattle University Policies Regarding Transfer of Credit

To fill university core requirements, your transfer course must carry at least **4** quarter credits. When a professional school requires specific courses within the core (e.g. calculus for business majors), students will be obliged to meet these requirements even if transferring with a transferrable associate's degree.

All **independent study**, **internship**, **special topics**, **practicum**, and **travel** courses are transferable only upon the approval of the student's major department following presentation of a course syllabus.

Core Curriculum – Seattle University's general education plan

Seattle University's new Core Curriculum goes into effect summer, 2013. Beginning summer 2013, all new and continuing students are required to complete the revised Core.

Module I, 6 courses:

- UCOR 1100 Academic Writing Seminar (W)
- UCOR 1200 Mathematics and Quantitative Reasoning (M)
- UCOR 1300 Creative Expression and Interpretation (CE)
- UCOR 1400 Inquiry Seminar in the Humanities (H)
- UCOR 1600 Inquiry Seminar in the Social Sciences (SS)
- UCOR 1800 Inquiry Seminar in the Natural Sciences (NS)

Students may satisfy the Core **Module I** Academic Writing Seminar requirement with a course designated by (W) in the transfer guides; the Mathematics and Quantitative Reasoning requirement with a course designated by (M) in the transfer guides; and the Creative Expression and Interpretation requirement with a course designated by (CE) in the transfer guides.

Students who transfer to Seattle University with 36 or more transferable credits will be able to use a broad range of previous credits to satisfy the **Module I** humanities, natural science, and social science requirements.

- Inquiry in Humanities may be satisfied by an acceptable course from: communications, journalism (no writing), speech; literature (no English composition); fine arts, art, drama, music (no skill/performance); history; humanities; philosophy; religion/theology. These courses are designated by (H) in the transfer guides.
- Inquiry in Social Science may be satisfied by an acceptable course from: anthropology; administration of justice/criminal justice; economics; geography; government/political science; psychology; sociology. These courses are designated by (SS) in the transfer guides.
- Inquiry in Natural Science may be satisfied by an acceptable course in a natural science with a lab including astronomy, biology, chemistry, geology, general science, or physics. These courses are designated by (NS) in the transfer guides.

Module III, 3 courses:

- UCOR 3100 Religion in a Global Context (R)
- Global Challenges, ordinarily two are required, to be determined upon admission based on each student's major:
  - UCOR 3400 Humanities and Global Challenges (H)
  - UCOR 3600 Social Sciences and Global Challenges (SS)
  - UCOR 3800 Natural Sciences and Global Challenges (NS)

With 90 transfer credits the **Module III** requirement Religion in a Global Context is waived. Students with less than 90 transfer credits may satisfy this requirement by completing an equivalent course designated by (R) in the transfer guides. Ordinarily, two Global Challenges courses must be completed at SU. Students with a transferable associate's degree are waived from one Global Challenges course. Students with 90 acceptable credits but no transferable associate's degree may satisfy one Global Challenges course in transfer, determined upon admission and based on each student's major. This course must be in a different discipline than the course used to satisfy a Module I Inquiry requirement.

Modules II and IV must be completed at SU.

- **Modules II, 3 courses:**
  - UCOR 2100 Theological Explorations
  - UCOR 2500 Philosophy of the Human Person
  - UCOR 2900 Ethical Reasoning

- **Module IV, 1 course:**
  - Senior Synthesis/Departmental Capstone

A transfer course cannot satisfy more than one Core requirement.

(continued on following page)

90 Credit Limit

Credits are transferred in chronological order, earliest courses first. Once you have accumulated a total of 90 credits from all schools, including Seattle University, additional community college credits may not be transferred. Courses taken at a community college beyond the 90 limit, if applicable to the SU degree, will not have to be repeated and can fill content requirements, but credits do not transfer and such courses will not reduce the minimum additional 90 required for your SU degree.

Grade Requirements for Course Transfer

Courses in transfer must be graded "C" (2.0 on the decimal system) or better if they are to apply to major requirements in the Albers School of Business and Economics, the College of Nursing, the College of Science and Engineering and to specifically required courses in the psychology, communication studies, and journalism/strategic communications majors in the College of Arts and Sciences.

The minimum acceptable grade for a transferring course is C-, or 1.5 on the decimal system. This does not alter the statement above regarding a higher minimum for major requirements in many programs.

Courses to be used toward the major or to fill university core or college requirements should not be taken by correspondence or on the pass/fail or credit/no credit basis.

Second Language Requirement

The university does not have a second language admission requirement. However, all students with a major in the College of Arts and Sciences have a second language requirement for graduation: one college year of a single foreign language or proficiency to that level as shown by departmental testing. International students who were required to submit TOEFL scores at the time of admission are assumed to have completed this language requirement. Since summer 2000, 15 credits of American Sign Language will satisfy this college requirement.

New Programs at Seattle University

New majors in cell and molecular biology and marine and conservation biology are available through the College of Science and Engineering beginning summer 2012. A major in digital design is available through the College of Arts and Sciences also beginning summer 2012.

Use of this Guide

This transfer guide lists courses in Washington community colleges which are judged parallel, though not necessarily equivalent, to courses taught at Seattle University. Also included are those courses which have no parallel at S.U., but which will be accepted as elective credit or under the specific conditions indicated. The "X" designation is used for elective credit throughout this guide. Where applicable, a course may be designated as a departmental elective, e.g. BIOL X, SOCL X, or ART X. In general, technical, vocational, remedial or any courses numbered below 100 do not transfer. In this guide only courses which will transfer are listed; courses not listed should be presumed non-transferable to SU. Courses listed on the transfer guide are parallel in terms of content only; 100- and 200-level community college courses cannot transfer as upper-division courses.

This guide is designed to be used with the current version of Seattle University's Online Catalog, available at http://seattleu.edu/registrar, which describes courses and lists academic regulations on acceptance of transfer credit. The guide is also designed to be used with the community college catalog that bears the date listed at the column head. A college catalog does not always provide sufficient or reliable information concerning the scope of particular course offerings; therefore, this transfer guide, which uses the catalog as a primary source, should not be viewed as the only authority on course transferability.

Transfer guides are updated throughout the year as necessary. Please see: http://seattleu.edu/registrar and click on transfer guide link for most current information.

August 2012– Office of the Registrar, Seattle University
