How to Read you Program Evaluation

A Program Evaluation is a computer-generated report that enables students to review their academic progress and unfulfilled degree requirements. The audit is a valuable tool for academic planning and course selection because it matches the courses that student have taken with the requirements of his/her degree program.

Student and Program Information – Student profile and academic information are listed at the top of the Program Evaluation. If students are pursuing more than one degree, they will have a separate program evaluation for each degree.

Program Status – This section allows students to track their progress towards earning their degree. This section includes information about student credit totals, cumulative and major GPAs, and minimum requirements for degree programs. Students must satisfy every requirement for their program and meet the minimum credit and GPA requirements in order to graduate.

NOTE: Even if a student's Program Status shows that they have met the minimum degree requirements for their program, they must officially apply to graduate through SU Online in order to have their records officially evaluated and their degree posted.

Program Status Key:

- **In Progress** – all degree requirements are not completed nor registered for

- **Anticipated Complete** – all remaining requirements have been registered for but course work is still in progress. Program Status should display "Anticipated Complete" for the quarter a student plans to graduate
- **Complete** – all degree requirements have been met but the degree is not yet posted

```

(**)Estimated credits needed to reach the minimum required
    credits. Meeting the minimum credit requirement does not
    necessarily mean that all program requirements have been
    fulfilled; see program requirements below.

             Minimum  Actual  Met/Not Met  Major

PHTO GPA POINTS/GPA CREDITS: 120.10/31.00
```

"Completed at SU" tracks the amount of credits required and taken at SU. All undergraduate students must complete a minimum of 45 credits at SU.

"Currently Registered" includes courses a student is enrolled in and has pre-registered for upcoming quarters

"Estimated Remaining" indicates how many credits a student needs to complete to reach 180 credits – students may have additional credits to complete to fulfill all Core, college, and major requirements.

Both the major GPA and cumulative GPA requirement must be met

<u>Program Requirements</u> – This section displays a student's program requirements and whether they have been fulfilled. The codes listed below are used to indicate the status of each program requirement. Credits shown in parentheses have not yet been earned but are anticipated to be earned before the listed anticipated graduation date.

Requirement Status Key:

- **C,I, N, P:** noted on the left side of the Program Evaluation
  - **C) = Complete:** a requirement or group of requirements is complete
  - **I) = In Progress:** a requirement or group of requirements is partially complete
  - **N) = Not Started:** a requirement or group of requirements has not been started
  - **P) = Pending Completion:** a requirement or group of requirements is registered for but not yet completed
- **IP, PR, TE:** course status codes, noted at the end of the course information line
  - ***IP = In Progress**
  - ***PR = Pre-Registered** for a course in a future term
  - ***TE = Transfer course equivalency** (SU course/Transfer course). Since grades earned in transfer do not affect the SU GPA, the grades for transfer courses are not listed.

<u>Core Curriculum Requirements</u> – All undergraduate students are required to complete Core Curriculum requirements. Core requirements differ based on specific degree programs.

```
I) 1: Core Curriculum Requirements
   Credits Completed: 35.00
   Complete all 12 subrequirements:
   C) A: ENGL 110
         ENGL-110............ 08FQ     B+     5.00

```

"PL" indicates that this student completed a placement exam and placed in MATH 110 or MATH 118. "0.00" indicates that the student did not receive credit for these exams; instead the student completed MATH 107 to fulfill the Core math

"RS" means that the requirement was satisfied by a course that is not a direct equivalent to SU course.

Transfer/Other Credits – If a student came to SU with transfer or test credit, a summary of this credit will be listed at the end of the Program Evaluation and at the top.

```
