## AY 2014-2015

The **Student Executive Council (SEC)** is the student advisory board to the Dean of the College of Arts and Sciences. Each representative serves the interests of their department/program and the student body at large. The SEC ensures student input in the decision-making process of the College of Arts and Sciences.

The SEC is comprised of **Department/Program Representatives** and **At Large Representatives**:

**Department/Program Representatives:**

The purpose of the Department/Program Representatives is to voice the concerns of the students in their respective department/program, to organize students within the department/program, and to ensure student participation in department/program decision-making, i.e. the hiring of new professors. Representatives meet at least once a quarter with the Department Chair/Program Director.

**At Large Representatives:**

The purpose of At Large Representatives is to represent the student body as a whole and to allow for a wider range of SEC membership.

**Both Representatives** serve on SEC committees throughout the school year on topics such as advising, course evaluations and other matters of importance to the student body. Representatives are responsible for annual events such as the Advisor, Teacher and Staff of the Year selections, the Scholastic Competition and the Conversation with the Dean, among other initiatives and events.

The SEC meets on **Thursdays** once a month during the noon hour so as not to conflict with class schedules. The group meets with the Dean in order to track the progress of the committees and discuss the happenings in each department/program. This is your chance to influence the choices and decisions the College is making and let the Dean know the perspectives of the students you represent.

**Open representative positions** for the 2014-2015 academic year are:

Anthropology and Sociology
Asian Studies
Communication and Journalism
English/Creative Writing/Film Studies
Environmental Studies
Fine Arts
History
