

We Care and Value You!

We Care about you!

A special note for the students we serve; With all that is going on in national politics and the issues of immigration, international travel restrictions, bias and discrimination, we want you to know that the members of the Department of Public Safety are here for you. Your safety while on campus and in the community is our highest priority. It is important to us that you have a safe and secure experience while here at Seattle University. Seattle is an inclusive City with strong bias crime protections as well as a designated Sanctuary City. If you have safety questions, need safety information, or want to report a concern or incident, please know we are here as a resource for you. Seattle University is a community of people from around the globe bringing unique, diverse perspectives and experiences which we value. We are proudly in service to the community we are a part of, and you are a part of Us. We do believe that we are better together!
In Peace and Safety,

The Public Safety team
