

Help Seattle University Get Its Own Washington State License Plate!

Per Washington State Department of Transportation guidelines, before this plate series can be considered for availability, the Department of Transportation requires 3,500 be gathered to show interest in this special license plate.

All renewal fees for the Seattle University license plate will go toward the student scholarship fund to provide financial aid to incoming and current undergraduate and graduate students.

The deadline to gather signatures is **January 31, 2013.** Please print out copies of page 2 for signing. "Number of Sets" field can be left blank as this is not an order form. Signers of the license plate signature form can be:
