### Course Information and Requirements

- Your guide for all three quarters will be the *Manual for Ministerial and Theological Integration*. Winter quarter section begins on p. 29.
- Required and recommended books for this quarter are listed on p. 30 of the *Manual*.
- Grading scheme is explained on p. 36 of the *Manual* and below.
- Winter quarter writing assignments are listed on page 2 in this packet.

### Participation

The rich learning experience of this course depends on full participation by all students in the group. Your internship work experience, and your reflections on it, are brought to the class through presentations and discussion. Your learning is deepened as you receive feedback from your peers, and as you respond to their experience and reflection. The interplay between individual and group learning is key to the integration this course seeks.

Full participation requires regular and timely attendance. Everyone's learning is diminished if you are absent. Participation includes presentation of your own work, feedback to peers, contributing your share to discussions, honest questioning, prayer, faith sharing, and attentiveness to the group process. Note that participation/group skills and feedback/evaluation together constitute half your grade.

### Grading

Course Requirements for a B grade:

- Class participation and regular, timely attendance
- Satisfactory completion of all written work when due, meeting STM writing standards.
- Substantive written and in-class feedback on your peers' work
- Evidence (in your writing and in class) that you have done assigned reading

An A grade requires outstanding achievement in these areas. For a fuller description, including the weighting of different areas, see page 36 of the *Manual*.

## **Mechanics of papers, presentations, and feedback**

- You are responsible for delivering a copy of your paper to your classmates and instructor via e-mail, no later than 11:59 p.m. the Tuesday preceding your Friday presentation.
- Classmates read and write feedback on your paper before class, and bring it to class. ***This does not apply to the first paper of the winter quarter, however. Your classmates will just read that one, deeply and prayerfully.***
- You present your paper in class. Name central issues/questions, and identify what you want from your peers. Be specific, and manage your time. Listen carefully and non-defensively to the feedback you have requested. ***(For the first paper this quarter, simply re-tell the story.)***
- Collect the annotated copies at the end of your presentation. (Anyone who wants to keep your paper must ask your permission, and make a separate copy. Otherwise they are deleted from all students' computers.)
- Using the oral and written feedback you have received, write a one page Integration/Learning paper to capture your learning.
- Turn in the Integration/Learning paper and all the annotated copies at the next class session after your presentation.

## **Readings and Competencies**

You will find that some of the required reading is not listed in the class outlines and assignments. *Nevertheless, you should read all the required material listed on page 30 of the Manual.* Portions not discussed in class will still be valuable resources for your internship and course work. It is your responsibility to demonstrate familiarity with the readings through your written work and class participation.

It is also your responsibility to demonstrate the competencies listed for this quarter on pages 19-24, both continuing and new. They are not attached to any particular class session or assignment, but their presence or absence will come through in your work and participation. Keep them in mind. *Show me.* You will evaluate yourself on these competencies at the end of the quarter.
