

Thank you!

With the generous support of more than 21,000 donors, The Campaign for Seattle University raised \$169 million. Those investments will expand scholarships, create new academic programs and professorships, fund a new library, fitness complex and arts center, and strengthen our mission of empowering leaders for a just and humane world. To our friends and alumni, we are grateful for your trust and belief in Seattle University and in our students.

Together, we are making a difference in this community and beyond.
