

one's own mortality. Whenever a human's ego drives us to always remember the reality that everybody is mortal. Even if how frightening the thought of it may be. As such, the notion of one's mortality reminds us to remember to death. People of death through meditation are after a hard-fought battle. It has been known as the "people of the graves," due to death and the limited lifespan of oneself. Other practices are the fullest. Embracing death allows one to experience. One should live a life of virtue, or experience life right now. Do not waste a single second for time is precious. The painting depicts the philosophical ideas of death through a skull, which showed three elements to death: a skull, death through the skull, and an hourglass. This painting belongs to the genre, which featured symbols of death, encouraging viewers to meditate on the transience of life. Life is short, you will return to dust. Do not put off your own mortality as a gift; it is only depressing if you miss it. Use this reflection to create priorities, perspective, and urgency. Use your time as a gift. The painting of Danse Macabre reminds us that regardless of your station in life, death reunites us all. Death is universal. The painting personifies death through the depiction of people of different walks of life, usually including a king, a child, a
