

# Set Your Course for Success

Get the Skills You Need On-Campus or Online

Whether you choose an MBA or MS in Business Analytics, a graduate business degree from Seattle University's Albers School of Business and Economics can help you unlock career opportunities, [earn a good salary](#), and provide [other valuable benefits](#).

Consider these points as you contemplate which program modality, traditional on-campus classes or online learning, is best for you.

## What's Your Starting Point?

As you strive to reach your goals and make the most of your future, your clear-eyed assessment of where you are now, where you want to go, and how graduate school fits into your life is just as important as researching different degree programs.

### I want a higher-level role.

Adding an advanced degree to your resume shows you're committed to professional growth, and your employer may even [help pay your tuition](#). Remote classes can help you manage your time and take your career to the next level.

### I want to change career paths.

Whether you want to change your work role or industry, Seattle U can help you move up the career ladder and achieve more than ever before. Keep earning in your current job while expanding your future opportunities with our flexible online programs.

### I have other responsibilities.

Get your degree without compromising your busy life! Online programs help you advance without spending time and money commuting to campus. Success is within your reach with educational excellence and customized scheduling options.

### I just finished my bachelor's.

Begin your career with a job or internship while pursuing your master's in a flexible online program. Go after your goals and let Seattle University's Albers School of Business and Economics help you reach them!

## What's Most Important to You?

Individually weighing these considerations can help clarify whether an on-campus or online program is the right option for you!

### COST

There's more to consider than just tuition. The online program helps you save on commuting costs, parking fees, childcare expenses and more. It's the perfect balance of convenience and savings.

### SCHEDULING

If you work better with a structured schedule, then an on-campus program may be right for you. If you need flexibility, the asynchronous courses in our online program can accommodate your busy schedule.

### LOCATION

As an online student, you have access to all the school's resources and the flexibility to visit our downtown Seattle campus when it suits you, along with the freedom to be where you need to be for work or your family.

### COURSE LOAD

Your dreams don't have to wait with our flexible online degree program. Learn at a pace that suits you, whether that's taking one course a semester or more. Reach for your dreams. We can help make them come true.

## Unwavering Excellence and Value

Whether you enroll online or on-campus, you will gain the leadership, strategic, and analytical skills to meet the business challenges of today and tomorrow. Albers will equip you with in-demand skills and networking opportunities to become the innovative leader you want to be.

### A Prestigious Degree with Career-Long Benefits

The Albers School of Business and Economics is one of the elite 5% of business schools accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Benefit from forward-thinking courses built to this high standard, taught by the same highly qualified instructors in the on-campus and online programs. Build meaningful relationships with professors and classmates as you develop your business acumen and leadership skills in small-group classes.

### Powerful Network Connections

With Albers, you can earn your degree and build a vibrant career-long network that will support and encourage you. Online and on-campus students alike are welcome to participate in our extensive networking events and career services.

Tap into the power of our alumni network with strong connections to the tech-forward Seattle business community, Fortune 500 powerhouses, and more than 81,000 global alumni to take your career to a higher level.
