Admissions Criteria

Admissions decisions are made by committee following a comprehensive review of the candidate's application portfolio and a final interview. The portfolio includes work experience, past academic performance, recommendations, and a personal essay, and the committee considers and balances each of these in making its decisions.

Our Executive Education programs use a cohort model which includes substantial amounts of group work, and students are expected to establish and maintain collegial, collaborative relationships with classmates. As such, admissions decisions also reflect the committee's evaluation of how each individual applicant will contribute to the class environment and community.
