Resources for Success

- Map out your own plan through MySeattleU.edu
- Meet with a Career Coach from Career Engagement Office
- Sign up for academic support with Learning Assistance Programs
- Explore career options at the "What Can I Do with This Major" page
- Learn more about academic advising on the Advising Services page

Notes

- A maximum of 30 community college credits may apply to this specialization
- Please refer to the Course Catalog (<https://catalog.seattleu.edu/>) for a full list of approved courses that fulfill CRJS specialization electives
- This degree will **not** prepare students for employment as a crime lab forensic scientist. The BA should only be chosen if you would like a stronger physical science foundation than other specializations. Students planning to pursue a career in forensic science or medico-legal death investigation should select the BS in Criminal Justice Forensic Science.
- PSYC 3030 & 3050 fulfill CRJS 3010 & 3020 for students earning a double major in Psychology.
- If CRJS 4870 is taken for 3 credits, student may need a 2 credit general elective to reach the 180 credits required to graduate.
- **[**]** CRJS-4050 is a required class for students who began attending SU in 22FQ and onwards. Those students only have 5 credits of specialization electives to complete. For students who started attending SU before 22FQ, CRJS-4050 is not a required class, and they have 10 credits of specialization electives to complete.
