## Notes

- A max. of 30 community college credits may apply to this specialization
- Please refer to the Course Catalog (<https://catalog.seattleu.edu/>) for a full list of approved courses that fulfill CRJS specialization electives
- Students planning to pursue a career in forensic psychology are strongly encouraged to double major or at least minor in Psychology. No more than 20 credits of PSYC courses from this specialization will be counted towards the minor. PSYC 3030 & 3050 fulfill CRJS 3010 & 3020 for students earning a double major in Psychology.
- If CRJS 4870 if taken for 3 credits, student may need a 2-credit general elective to reach the 180 credits required to graduate.
- Math-1000, a course students must take if they do not place straight into Math-1021, can count for 5 credits of the 10 Additional Math or Science Elective credits needed for the major. Also, to take BIOL-2200 and BIOL-2210 later, students must take its pre-requisite, CHEM-1050/1051; CHEM-1050/1051 counts towards 5 of the “Additional Math or Science Elective” credits.
- **[\*\*]** CRJS-4050 is a required class for students who began attending SU in 22FQ and onwards. Those students only have 10 credits of specialization electives to complete. For students who started attending SU before 22FQ, CRJS-4050 is not a required class, and they have 15 credits of specialization electives to complete.
