The Center for Environmental Justice and Sustainability (CEJS) is looking for student interns for SQ 2021: 3-5 credit internship!

The internship involves:

- Assisting in collecting and analyzing data for SU’s Greenhouse Gas Emissions inventory and the Sustainable Tracking Assessment and Rating System (STARS)
- Assisting in research projects for development of sustainability initiatives at SU
- Assisting in coordination and outreach for SU campus events, including RecycleMania and Earth Month
- Editing CEJS website content and managing CEJS's social media

Job Qualifications:

Seattle University student with an interest in research, data analysis, event coordination and promo, communication, and web content management.

Desired: proficiency with Excel and preferably also with Adobe InDesign/Illustrator/Photoshop

Duration: one quarter (spring quarter in academic year 2020-2021)

Hours per week: Interns should expect to spend approximately 8.0 hours per week (that is, 90 hours per quarter)

Salary Level: This is an unpaid position but will provide 3-5 Internship Credit units.

Application deadline: January 22, 2021

To apply for the internship, please send a resume and 1-page cover letter describing your interest and qualifications to Yolanda Cieters, cietersy@seattleu.edu. Please ensure that your email subject heading indicates “CEJS Internship.”
