

SU SUSTAINABILITY COALITION INTERNSHIP

Through the SU Alumni Association, the Sustainability Coalition educates, engages, and empowers the SU community to create environmental change within their lives. We focus on interactive activities, virtual events, and community engagement to educate others as we work towards a more sustainable world.

The Sustainability Coalition is currently recruiting for a Content Research Intern to support our efforts to educate our Seattle University Alumni, students and faculty on environmental issues.

Position Title:

Content Research Intern

Location:

Seattle University – Remote

Duration:

3 Months

Salary:

Unpaid

The Content Research Intern will work along the side of our Social Media (SM) team to provide content and resources focused on environmental issues.

As an intern you will:

Collaborate with SM team to choose weekly themes and issues to focus on.

Conduct research focused on weekly themes and issues.

Create content to be used for the Sustainability Coalition's social media account.

Maintain brand consistency and our coalition's values.

Provide a biweekly recap to Alumni Chapter Advisor via Zoom about the content provided.

Work directly with the Social Media Team regularly with meetings biweekly on progress.

Complete weekly write ups on the topic for the week with properly cited sources to be posted on Slack.

Help create easy to use resource list for the topics we focus on.

Learning Outcomes:

Identify environmental issues through an interdisciplinary approach while learning and implementing new research techniques.

Research data and statistics around sustainability and environmental justice.

Create and develop branding while increasing your understanding of social media marketing strategies.

Gain experience with social media platforms and workspace platforms (Slack & Microsoft Teams) while building your portfolio.

Learn to break down research in an easily consumable and understandable manner.

Learn to display data and write technical documents in easy to read formats and wording from reliable sources.

Build collaboration, communication, and leadership skills.

Recognize the importance and value of content generated on social media platforms.

Requirements:

Must be an SU student working towards an Environmental Studies, Environmental Science, or Biological Science degree.

Passion for sustainability and environmental Justice!

Enrolled in 3 credit Internship class.

Able to work 10 hours a week.

Basic knowledge of social media platforms and ability to use them.

Good time management skills. Ability to work independently with some collaboration.

Well organized and detailed oriented.

Preferred:

Sophomore standing or above.

Experience taking courses focused on environmental issues.

Experience with image editing software.

If interested in the position, please email your resume and cover letter to Dae Durisko at duriskod@seattleu.edu.
