EXPERIENCE

Cancer Research and Biostatistics; Seattle, WA

April 2017 to present

Chief Operations Officer

- Lead a diverse group of data managers, clinical monitors and project managers engaged in clinical trials throughout the United States and internationally, emphasizing various disease sites and sponsored by National Cancer Institute's cooperative group (NCTN), pharmaceutical partners, and investigators.
- Co-lead enterprise operations, strategic planning, and organizational development, ensuring that Officers and board of directors are aligned and engaged.
- With Chief Business Development Officer, pursue strategic partnerships and alliances to further mission, expand impact, and promote organizational sustainability, then operationalize and lead these alliances.
- Co-lead Latin American Initiative to advance clinical research capacity in Mexico, Chile, Colombia, Brazil, Peru and Uruguay.

Fred Hutchinson Cancer Research Center; Seattle, WA

February 2014 to March 2017

Division Administrator, Vaccine and Infectious Disease Division

President and Chair of Board of Directors, Hutchinson Center Research Institute, South Africa

Board Member, Hutchinson Center Research Institute, Uganda

Board Member, Fred Hutchinson-China Joint Venture

- Led Seattle and international operations of one of the largest and most productive of Fred Hutch's five scientific divisions, serving as the primary liaison between division leadership, Center leadership, research scientists, administration, and community stakeholders.
 - Provided leadership and direction to an administrative staff of ~40 individuals managing sponsored budgets of ~\$85MM and directly responsible for non-sponsored budgets of over \$10MM.
 - Specific responsibilities included strategic planning, budget development and management, personnel management and human resource oversight, shared resources and space planning, and overall supervision of administrative personnel at the division and programmatic level.
-

CURT MALLOY, JD, MPH

Infectious Disease Research Institute (IDRI); Seattle, WA Senior Vice President, Operations and General Counsel

August 2005 to February 2014

- Leader of a diverse team of ~20 professionals promoting institutional success and efficiency in grants, core technical resources, legal affairs, human resources, IT, facilities, and administration.
- Led and managed complex business alliances with non- and for-profit partners, both nationally and internationally.
- Established an operational platform for scientific excellence by optimizing best practices in all aspects of IDRI's infrastructure, including overseeing construction of a new \$15M facility.
- Safeguarded organizational liability while advancing model for developing novel technologies and encouraging unique ventures intended to reduce the global burden of disease.

Dharma Therapeutics, Inc.; Seattle, WA (IDRI Spin-Out) Director of Legal and Regulatory Affairs

March 2006 to September 2007

- Founded as a wholly owned subsidiary of a Japanese medical device company developing a battery-powered skin patch to deliver medication and immunostimulants.
- While maintaining half-time position at IDRI, incorporated Dharma and led the legal, intellectual property, and enterprise operations, reporting activities to both Dharma and parent company boards of directors.
