Seattle University Criminal Justice Advisory Committee
2009 Annual Report

Outcome of 2004-2008 Advisory Committee Meetings

This year is the 6th year of the Seattle University Criminal Justice Department Advisory Committee. The committee has grown to over 80 members representing 30 agencies who have contributed to our department in many ways to assist us in delivering academically strong programs with critical links to criminal justice practice. Our department’s collaboration with this group of CJ representatives has been invaluable in terms of increasing opportunities for our students and enriching our curricular and extracurricular offerings in ways that allow students and faculty to make meaningful links between theory, research, and criminal justice practice. The following is a review of the past three meetings with elaboration on what we covered in last year’s meeting:

2004: The primary objective of the first meeting was to discuss the purpose and goals of the committee and to receive feedback regarding our curriculum, employment trends, and possibilities for university-agency collaboration. We discussed current employment opportunities/trends, what can we do to make our students competitive in the job market and/or for graduate study upon graduation, collaborative partnership possibilities, how our department might be of service to local CJ agencies and/or to public education regarding crime and justice issues.

2005: The second meeting was another successful gathering. We discussed what a “criminal justice education for the future” should look like – what innovative programs excite and inspire committee members, and how our department can update and improve our curriculum and departmental offerings to better meet the needs of students who will be the CJ professionals of the 21st century. Committee members discussed the features of the ideal criminal justice program of the future and ideas about innovative collaborative initiatives can be developed unique our urban/NW/Seattle location to bridge academia and the local criminal justice community/theory and practice?

2006: In our third advisory committee meeting committee members focused on “Possibilities for SU-CJ Agency Collaborative Initiatives.” The committee developed concrete CJ Department-CJ Agency collaboration ideas and identified priority projects to work on over the next 1-3 years. Priority projects included development of a criminal justice video, consider addition of a curriculum component on crime analysis/intelligence, and develop a catalog of research needs with potential for grants/funding for collaborative projects. The annual CJ Advisory Committee Member “Innovation in Criminal Justice Education Award” was established. Kelvin Crenshaw from ATF received the inaugural award.
2007: The specific discussion topic last year was “Implementing SU-CJ Agency Collaborative Initiatives.” Three initiatives identified in the 2006 annual meeting were identified for focus of discussion to develop a plan for implementation:

1) Criminal Justice Video
2) Adding a Crime Analysis/Intelligence Component to Curriculum
3) Cataloging Research Needs of Local Agencies/Collaborative Grants

The meeting opened with presentation of a 2-minute introductory video created by CJ Student Shawn Kaminski, Sakshi Sharma, and Communications student Joshua Guerci with the help of committee members Bonnie Glenn, Kelvin Crenshaw, and King County TV. The video presented an overview of the purpose of the project and call for help from committee members. The committee discussed next steps in the development of the video, responded to questions regarding the content of the video, and discussed the development of the crime analysis curricular component and developed a subcommittee to address. Regarding the research needs of local agencies, it was decided that the best way to approach this would be for CJ agencies interested in collaborating on research projects to contact the department with their individual requests and ideas as needed. Bonnie Glenn received the 2007 “Innovation in Criminal Justice Education Award.”

2008: In 2008 we celebrated the committee’s accomplishments including the launching of the Crime Analysis Certificate Program, Professional Development Seminars, and the Criminal Justice and interactive web video project which included the official unveiling of the video now available on the CJ Dept website. In addition, we discussed the following topics:

1) Impact of Local Budget Cuts in CJ Agencies
2) “Guns, Gangs, and Drugs”
3) SU Self-Study/Measuring Success of CJ Graduates
4) Future Ideas in the Works: PhD Program? “Professional” Distance-learning Master’s Degree Program?

The meeting featured the unveiling of the CJ video which was a major accomplishment of the committee and an enormous undertaking that involved the entire advisory committee and discussion of the ACJS certification, how the committee could help, and future ideas for development of programs within the department. Seattle Police Chief Gil Kerlikowske was awarded the 2008 “Innovation in Criminal Justice Education Award.”

Criminal Justice Department Chair Jackie Helfgott presents Seattle Police Chief Gil Kerlikowske with the 2008 CJ Department Advisory Committee “Innovation in Criminal Justice Education” Award.
Advisory committee members participated in a number of successful events in 2008-09:

- King County Prosecutor Dan Satterberg gave the keynote and SU Vice President Tim Leary gave the introductory welcome at the Interaction Transition Annual Breakfast held Fall 2008.
- SPD’s Doug Larm taught a new course added to the MACJ curriculum required for the Crime Analysis Certificate Program called “Data and Intelligence Analysis.” The course was launched summer 2009 and was a big hit!
- The ATF Practicum facilitated by Julianne Marshall was offered Fall quarter
- The first FBI Practicum was held facilitated by Carolyn Woodbury with a huge enrollment of over 30 students!
- The Trial Skills Practicum was offered Fall 2008 and Winter 2009 by SU Law Clinic Faculty committee members Paul Holland, Raven Lidman, and Bob Boruchowitz
- The Forensics Practicum was offered Winter 2009 developed by SU Law Faculty Committee member John Mitchell.
- Advisory committee members assisted the department in responding to an employer survey for the university self-study report.
- The U.S. Marshals Service (Joe Hawe and David Miller) contributed in a number of ways including the continuation of the highly successful Centralized Student Career Development Program (CSCEP) and service learning on the graduate Organizational Analysis in Criminal Justice course.
- Fanny Correa, Virginia Mason Separation and Loss and Families and Friends of Violent Crime Victims held the Victims Rights Week Training on Campus Spring Quarter 2009 which was an impo
campus community.
- Student internships were offered at virtually all of the agencies represented on the advisory committee.
Committee members served as adjunct instructors including Kathy Taylor, Bev Himick, Gil Kerlikowske, Brian Stampfl, Fred Bonner, Sarah Roberts, Tag Gleason, Doug Larm, Tim McTighe, Mac Pevey, Fanny Correa, Rich Niebusch, Wallace Shields, Mike Williams, Al O’Brien, Ed Reed, Riva Zeff, Trisha King-Stargel, Darlene Conley, and Henry Richards.

Captain Steve Brown and the Seattle Police West Precinct took our graduate students and faculty on ride-alongs with the Anti-Crime Team (ACT) and the SPD-WA Department of Corrections Neighborhood Corrections Initiative (NCI) as part of the Pike-Pine-Belltown corridor research, and invited faculty and students to observe Drug Recognition Training at the Precinct.

The Department held a “Celebration of Ethics and Leadership in Law Enforcement” Spring 2009 to honor Corr Scholarship Awardees and SPD Chief Kerlikowske’s contributions to our Department. There was a huge turn-out at this event including advisory committee members, local criminal justice professionals, faculty, students, and members of the campus community.
ENROLLMENT/STUDENT INTEREST

As of Fall 2008, we have 242 criminal justice students enrolled in the Criminal Justice Department including 149 undergraduates, 92 graduates, and 8 Crime Analysis Certificate students (See attached breakdown by degree/specialization). The undergraduate enrollments are steady from 2008 with an increase in graduates and our largest incoming graduate class of 32 for Fall 2009.

In the undergraduate program, 113 (76%) students are working toward the BCJ (Bachelor of Criminal Justice) and 36 (24%) toward the Bachelor of Science (BS). The BCJ Administration of Justice, BCJ Forensic Psychology, and BS Forensic Science are the most popular specialization areas however there is significant interest in all specialization areas. The undergraduate student organizations (CJ Club and CJ Honor Society) continue to flourish with many student-sponsored CJ events including holding events during National Victim Rights/ Awareness Week, fundraising and donations to local domestic violence organizations and the Juvenile Detention Center, and presentations by local CJ agencies, prison tours, trips to the shooting range and more.

The graduate program is growing strong. The most popular program routes for graduate students are the MACJ no concentration (36 students/39%) MACJ Investigative Criminology concentration (27 students/29%), and the Victimology concentration (10 students/11%)

For the 2009-2010 academic year we have officially admitted 30 students, our largest cohort to date. The selected students attending our program are from the local area and out of state. The graduate students include a diverse mix of criminal justice professionals and students coming from traditional undergraduate programs with an increasing number coming from state and local criminal justice agencies. Students are coming to the program from Criminal Justice, Psychology, Sociology and other disciplines (such as Anthropology, Information Technology, Political Science, and Biology), from local universities such as WSU, CWU, UW, EWU, Saint Martin’s, Evergreen and from out-of—state universities including Arizona State University, Berkeley College, George Fox University, Linfield College, Minnesota State University, Ohio State University, San Diego State
University, the University of Idaho, and from criminal justice agencies including the Seattle Police Department, King County Sheriff, King County Prosecutor’s Office, WA State Department of Corrections, WA State Liquor Control Board, Seattle University Public Safety, U.S. Investigations, Eastside Domestic Violence Shelter; King County Medical Examiner’s Office, King County Sexual Assault Resource Center, and Society of Counsel Representing Accused Persons, among others.

The new MACJ/JD joint degree was officially launched in the 2009-2010 academic year. Students interested in pursuing both degrees must be admitted into both programs. Students pursuing the degree can complete both degrees in four years as opposed to five.

STUDENT AWARDS

Graduate Student Awards

Tammy Kynett, King County Sheriff’s Office, is the 2009-2010 Corr Scholarship Awardee. This is an annual $2,000 scholarship made available through the Corr family endowment in honor of former Seattle Police Chief and co-founder of the Criminal Justice Department Eugene Corr. To date, the Corr scholarship has been awarded to four students. The award goes to the student in the graduate program who most embodies the legacy of Eugene Corr who fought for the rights of women and minorities in law enforcement. Tammy is a motorcycle officer with the King County Sheriff’s Office.

Since 2006-07, 22 students have been awarded Criminal Justice Professional Fellowships of $7,000 over the course of their degrees. CJ Professional Award recipients for the 2009-2010 academic year are: Tonya Cole, Eastside Domestic Violence Shelter; Nicole Grabler, U.S. Investigation Services; Samantha Jasso, King County Medical Examiner’s Office; Erin Palmer, King County Sexual Assault Resource Center; Lynn Slaughter, Seattle Felony Unit for Society of Counsel Representing Accused Persons.

The Graduate Admissions office granted a new student award called the Dr. Marylou Wyse Award of $2400 for two academic years in 2009-10. Recipients for 2009-2010 are: Courtney Butchard; Shontrice Eaton; John Grant Ballingham; and Lindsey Uy- Johnson.
Ryan Rivers was the first recipient of the Norm Maleng Academic Excellence and Citizenship Award. The Norm Maleng Academic Excellence & Citizenship Award is awarded to an outstanding graduating student in the Master’s of Arts in Criminal Justice program. The award is named in honor of Norm Maleng, former King County Prosecutor, who for almost 30 years was a vocal advocate for reform in criminal justice and introduced many programs in Seattle related to victim’s rights and drugs, and a former CJ Department Advisory Committee member who was instrumental in inspiring the inclusion of the Victimology Graduate Specialization. Selection is based upon exceptional graduate work in the classroom and service to the community. Ryan will attend Louisiana State University where he will earn his juris doctorate degree. He has been named a Faculty Merit Scholar, an award reserved for “the most promising students of 2012.”

Undergraduate Student Awards

Undergraduate awards include the Kelliher Award for the highest GPA in the major and the Corr Service & Ethics Award. The Kelliher awardees for 2009 were Samantha Lambert and Jamie Pierce. The Corr Service & Ethics Award went to Sakshi Sharma, Michael Greer and Annaliese Boyko for also received acknowledgement for their work as Student Executive Council Representatives.

Faculty Research

The criminal justice faculty has been involved in several research projects at the local level including working with the Seattle Police Department to examine crime in the Pike-Pine Belltown corridor, evaluation of the King County Juvenile and Adult Detention Center Community Center for Alternative Programs (CCAP), and evaluation of programs offered through the Interaction Transition House.

Arnold Alexander has several articles under review or in preparation. He is the principle investigator of an evaluation of the Interaction Transition House which is a halfway house that assists newly released offenders, primarily sex offenders, in their reintegration back into society. He will present the findings of this research at the upcoming American Society of Criminology conference in Philadelphia.

Elaine Gunnison has had several articles published over the last year. She has an article entitled “Individual and Relationship Factors that Differentiate Female Offenders With and Without a Sexual Abuse History” forthcoming in the Journal of Interpersonal Violence, Persistent versus Late Onset among Female Offenders: A Test of State Dependent and Population Heterogeneity Interpretations” co-written with Lisa M. McCarten under publication consideration at the Western Criminology Review, wrote two entries for the Encyclopedia of Criminological Theory for Sage Publications entitled, “Otto Pollack: The Hidden Female Offender” and John Hagan and Holly Foster: Stress and Gendered Pathways to Delinquency.” She is the principle investigator on the examination of the Community Corrections Alternative Program for the King County Juvenile and Adult Detention Center and is co-investigator on the Pike-Pine Belltown study, and the Interaction Transition study. In addition, Elaine Gunnison and Jackie Helgott have one article currently under publication consideration at the International Journal of Offender Therapy and Comparative Criminology from the CCO study conducted several years ago (special thanks to advisory committee members Bill Corn, Tim McTighe, and Mac Pevey for assistance in the data collection for this research): “Factors that Hinder Offender Reentry Success: A View from Community Corrections Officers.”

Jacqueline Helgott has had several publications in 2008 including an article in Federal Probation and a book entitled Criminal Behavior published by Sage Publications. She is currently working on a number of projects including a book entitled Psychopathy and Criminal Justice under contract with Sage publications which examines the relevance of psychopathy to criminology and crime and justice and the ways in which the construct of psychopathy has been used in the criminal justice system, an article for the Journal of Criminal Justice and Popular Culture entitled “Criminal behavior and the copycat effect: Review of the literature and theoretical framework for empirical investigation,” a study of the role of risk assessment scores and other factors in decisions regarding parole eligibility.
for sex offenders under in Indeterminate Sentencing Review, is co-investigator on an examination of
the Community Corrections Alternative Program for the King County Juvenile and Adult
Detention Center, the Pike-Pine Belltown corridor crime study, and the Interaction Transition
study.

Matthew Hickman had an article, "Organizational, administrative, and environmental correlates of
complaints about police use of force" published in Crime & Delinquency. With the assistance of
graduate students in the Spring quarter Research Methods class, he recently completed a survey of
state POST agencies regarding police decertification practices. Professor Hickman has expanded his
research activity in the area of forensic evidence processing. He has manuscripts under review
dealing with the auditing of crime statistics, the nature of forensic evidence backlogs in police
departments, and evidence retention policies (with Kevin Strom) that demonstrate that a substantial
proportion of unsolved homicide and rape cases contain DNA evidence that has not been submitted
to a crime laboratory for analysis ("Justice Delayed or Justice Denied? Forensic Evidence Processing
in Law Enforcement Agencies") and that less than half of agencies have a policy for preserving
biological evidence from cases in which a defendant is convicted, contributing to problems in seeking
post-conviction exonerations ("Evidence Retention Policies in Law Enforcement Agencies:
Implications for Post-conviction DNA testing"). He serves as a consultant on an NIJ-funded project
looking at controlled substance case processing from the views of prosecutors, law enforcement, and
crime laboratories and is principal investigator on an NIJ grant submitted by the CJ Department
faculty to examine journey to drug markets in the Pike-Pine-Belltown corridor.

Michael Kelliher is currently working on a textbook on polygraph examination. This project is an
outgrowth of his work as a polygraph examiner and the course he has taught at the undergraduate
level for many years.

Stephen Rice has had several articles published in 2008 in The Sociology of Crime, Law, and
Deviance and the International Social Science Review. In 2009, he has several articles that have been
published or are forthcoming including “Emotions and Terrorism Research: A Case for a Social-
Psychological Agenda” in the Journal of Criminal Justice and “Of Guilt, Defiance, and Repentance:
Evidence from the Texas Death Chamber” in Justice Quarterly. Professor Rice is the lead editor for
Black, Brown, and Shades of Blue: Exploring Race, Ethnicity and Policing to be published by New York
University Press in 2009 and is a consultant on a United States Department of Homeland Security
(DHS) grant assessing perceptions of profiling and bias in Muslim Americans’ interactions with
police and domestic security personnel. He is a co-investigator on the Pike-Pine study.
