**MSW Generalist Field  
3-Quarter Field Practicum Calendar for the 2021-2022 Academic Year**

Students in MSW Generalist Field are required to complete **448** hours of field for the academic year. A total of **128** hours of field is required for the Fall Quarter and **160** hours is required for each of the Winter and Spring Quarters. All field hours must involve social work practice at the field agency site and occur under the supervision of a qualified Practicum Instructor (PI).

**Students are typically in field on Tuesdays and Wednesdays and intern a total of 16 hours per week.** Students are permitted to accrue field hours during the course of their field practicum. Accruing extra hours in field is not a requirement, but an option to plan for absences that may occur due to illness, religious observances or inclement weather. **Students in MSW Generalist Field may accrue a total of no more than 16 hours for the entire academic year.**

Accrued hours should be recorded on the Field Practicum Log of Hours in Alcea®, which must be approved by the Practicum Instructor. Students may request use of accrued hours any time during the Fall, Winter or Spring quarters. The Practicum Instructor should be notified before having to be absent from field. If a student is absent and does not have accrued hours, the student should consult with the PI to identify a plan to make up the hours at a future date.
