Students are permitted to accrue field hours during the academic year. Accruing extra hours in field is not a requirement but is an option to plan for absences that may occur due to illness, religious observances or inclement weather. Students in MSW Specialized Practice Field may accrue a total of no more than 24 hours for the entire academic year.</p> <p>Accrued hours should be recorded on the Log of Hours in Alcea®, which must be approved by the PI. Students may request use of accrued hours any time during the Fall, Winter or Spring quarters. The PI should be notified before having to be absent from field. If a student is absent and does not have accrued hours, the student is encouraged to confer with the Practicum Instructor to identify a plan for making up the hours at a future date.</p>
