(Print Name)

Faculty Sponsor: \_\_\_\_\_ (Signature) \_\_\_\_\_ (Date)

Proposals must be no longer than five pages, double-spaced, typed. Proposals are due **OCTOBER 15 OF THE SENIOR YEAR**. Answer the following questions in your proposal. Copy the questions and then type your answer below each question.

**1. Project Description**

- A. Describe your proposed project. What do you envision the final product to be? If it is a performance, where will it be performed? If it is a showing of your work, where will you show it? If it is a research paper, what is the topic and how will it be presented? Be as specific as possible.
- B. Describe your proposed process in completing this project. What is your timeline? Complete a calendar for the academic year. If your project involves collaboration, with whom will you work?

**2. Resource needs**

What resources will you require for this project (space, materials, equipment etc.)? **Include an itemized budget of your expected expenses associated with the project.** If approved, there will be some (limited) funding available to help you cover these costs.

**3. Qualifications**

How does this project relate to work you have done in your major thus far? How will this project stretch you academically and creatively? To graduate with Honors, you must take one more class in addition to all of your major requirements. The class must be on a topic that will help you achieve your goals in your Honors project and can be in any field offered at the University. What additional class would you like to take?

**4. Outcomes**

What do you hope to learn as an artist/scholar from this project?
