

Seattle University MIT Program Endorsement Verification for Chemistry*†
(Secondary)

Name _____ Phone Number _____ Email _____ Date _____ Planned Entry (Qtr & Yr) _____

Pre-Admission requirements: Applicants with an academic major in the endorsement area are given priority.

- 1) Hold a bachelor's degree from a regionally accredited university and have a minimum GPA of 3.0 in the last 90 quarter/60 semester credits. All courses must be a grade of C or better. Do **not** list courses that are a C- or below.
- 2) Have completed a major in chemistry or a minimum of 30 quarter/20 semester credits in chemistry including courses that address core and advanced principles of chemistry, including organic chemistry and including at least one lab-based course. Pass the NES test for Chemistry.
- 3) Also Required:
 - a. At least two math or math-based courses such as calculus, statistics, engineering, computer programming, etc.
 - b. At least two courses in other science areas that are not chemistry, such as biology, physics, Earth and space science, environmental science, etc.
- 4) Complete this form including coursework that you plan to complete prior to the beginning of the MIT program**. Courses can be listed in more than one category if appropriate, but credits are only counted toward the required totals once. If a course title does not specifically identify a content area, submit additional documentation. Acceptable documentation includes 1) copy of the catalog course description including the front cover of the catalog, indicating the name of the institution and year course was taken, 2) syllabus, or 3) letter from the chair of the department.
- 5) Submit this affidavit, any verification documents, and transcripts at the time of the application.

Undergraduate major(s) _____ Undergraduate minor(s) _____ Graduate degree (if appropriate) _____

This is an affidavit. It is essential that all information is accurate.

AFFADAVIT

I, _____, certify (or declare) under penalty of perjury under the laws of the state of Washington that the foregoing is true, complete, and correct.
