EVENT PARKING @ SEATTLEU

Seattle University utilizes the PayByPhone system to manage parking across campus. This is the same web-based system used for street parking and parking lots throughout the city. With several different options for registering and paying for parking, event organizers and attendees alike can now look forward to a more efficient parking experience for their next event at Seattle University.

SPONSORED PARKING

(Organizer-paid parking)

Event organizers may choose to sponsor parking for some or all event attendees, enabling guests to register for parking in advance or upon arrival simply by entering their license plate number into an event-specific registration form. The form is accessible through a link that organizers will send out to attendees in advance. Attendees will enjoy a quick and easy parking experience while organizers receive a discount on parking fees.

Example parking registration portal:

Requests for sponsored parking must be made 5 days in advance.

VISITOR PARKING

(Attendee-paid parking)

Attendees paying for parking themselves can do so quickly through the PayByPhone smartphone application or website by selecting the Seattle University location code (**Location #31913**) and registering their vehicle's license plate number.

As an alternative, guests can also register and pay for parking using one of four pay stations located around campus.

Parking permit pay station locations are highlighted on the attached campus map.
