PARTICIPATION BY PROGRAM TYPE

Seattle University students are encouraged to participate in international academic, internship, and service programs. Such programs enhance students’ educational experience and have an immense impact on their connection to the university and their local and global communities as well as to ideas, concepts, and frameworks that are examined through immersing in a new environment.

I was pushed out of my comfort zone a lot while abroad, especially speaking. I am a very shy individual and often don't participate in class. Although I spent 2 years taking Arabic at Seattle U prior to traveling to Morocco, I had not spoken much Arabic. Being in Morocco forced me to practice my Arabic and my overall communication skills improved greatly. It was also personally reassuring that I can be independent and handle myself wherever I am.
