THEME COMMUNITIES

Theme Communities will be offered in all freshman residential buildings. Theme communities provide students living on-campus with an opportunity to form smaller communities (typically 1-3 residential floors) around a shared common interest, centered around academic, personal or cultural themes. These communities are designed and available to freshman.

Students are not required to be in specific majors to participate in a community and have the ability to determine their own level of involvement. In addition, students are welcome to participate in events hosted by communities other than the one to which they are assigned.

As part of their housing application, students will preference at least FOUR communities. It is important to note that specific roommate requests will be prioritized over theme community preferences. So if roommates have different preferences, we will first match roommate pairs and then consider theme preferences.

Campion: Mind, Body, Wellness; Millie Bown Russell and Social Change; Creative Expression; Outdoor Exploration

HOUSING ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Disability-related housing accommodations are modifications to the residential environment for students whose disabilities substantially limit their ability to participate in residential and housing life. Students requesting disability-based housing accommodations will need to meet with Disability Services staff and provide documentation supporting their request and disability-related needs.

Getting started with Disability Services: <https://www.seattleu.edu/disability-services/student-resources/new-students/>.

Accommodations for housing are approved on a case by case basis and are dependent on the nature of the disability and/or health condition as well as the impact on the campus living environment. Disability Services works in partnership with Housing and Residence Life to provide accommodations that meet individual student needs.

Students should contact Disability Services as soon as possible as timely notice is needed to coordinate accommodations:

Disability Services | Loyola 100 | Phone: 206-296-5740

For more information on disability based housing requests: <https://www.seattleu.edu/housing/applying-for-housing/accommndation-requests/>

New students who are requesting accommodation for housing should note their intention to request accommodations under “Additional Information” in the Housing Application.

This room type will only be offered as needed.

Housing rates are charged to the student account on a quarterly basis for Fall, Winter, and Spring Quarters.
