CONGRATULATIONS AND WELCOME

You’ve been admitted to Seattle University. We are the premier independent university of the Northwest, rich in Jesuit tradition and heritage, located in a diverse world-class city.

Living on campus is an integral part of the educational experience. Students residing on campus are often more involved in activities and programs, achieve greater academic success and graduate feeling more satisfied with their overall university experience.

Convenient access to campus resources, the bustling Capitol Hill neighborhood and the beautiful Puget Sound region, are just a few of the benefits to living on campus. Many alumni even share that some of their fondest college memories stem from the friendships they made and the activities they were involved in while living in the residence halls.

We look forward to assisting you with your housing assignment as well as your transition to campus. You can expect to be notified of your housing in late July. If you have any additional questions or need clarification, please visit our website at www.seattleu.edu/housing or contact us at: (206) 296-6305 or housing@seattleu.edu.

Once again, welcome and we look forward to your arrival this fall.

HOUSING ACCOMMODATIONS
FOR STUDENTS WITH DISABILITIES

Disability-related housing accommodations are modifications to the residential environment for students whose disabilities substantially limit their ability to participate in residential and housing life. Students requesting disability-based housing accommodations will need to meet with Disability Services staff and provide documentation supporting their request and disability-related needs.

Getting started with Disability Services: https://www.seattleu.edu/disability-services/student-resources/new-students/

Accommodations for housing are approved on a case-by-case basis and are dependent on the nature of the disability and/or health condition as well as the impact on the campus living environment. Disability Services works in partnership with Housing and Residence Life to provide accommodations that meet individual student needs.

Students should contact Disability Services as soon as possible as timely notice is needed to coordinate accommodations at 206-296-5740.

For more information on disability based housing requests: https://www.seattleu.edu/housing/applying-for-housing/accommodation-requests/

HOUSING RATES

Most students living in the traditional residence halls will be in a double room.

A limited number of rooms in Bellarmine and Campion are offered as Triple Plus rooms. These larger spaces are a nice compromise between space and affordability. Triple rooms are the same size as double rooms; they will comfortably accommodate three residents. This room type will only be offered as needed.

Housing rates are charged to the student account on a quarterly basis for Fall, Winter, and Spring Quarters.

ROOM PREFERENCES

I need my own room.
Most first and second year students will be placed in a shared room. If you are requesting a single space as a medical accommodation, please note this on your housing application in the “Additional Information” section and contact Disability Services to talk about your specific accommodation request. We work closely with Disability Services to meet your housing needs.

ROOMMATES

I don’t know anyone/I can’t find a roommate through the search.
No problem! We will match you with a roommate based on answers to your profile questions in the housing application. On the other hand, if you would like to make yourself searchable through the Roommate Search process, indicate that you want your profile to be searchable in the “Profile Searching” section. If this is not selected, you can go back into your application to select it. Optional roommate search opens on June 1 at 12 p.m. PDT.
