

# SEATTLEU HUMANITIES FOR LEADERSHIP

MATTEO RICCI INSTITUTE

The Bachelor of Arts with a major in Humanities for Leadership shares with the other Humanities degrees the emphases on forming humane persons and promoting justice. In addition, this major applies Humanistic and Jesuit thought to the specific topic of leadership. It introduces students to Jesuit practices of reflection and interiority as habits and tools for leaders in today's world. It balances these conceptual pursuits with first-hand experience in internships, both local and global.
