

The example below assumes that you enter Seattle University with junior standing (90 credits), have earned a transferable associate degree, and have successfully completed an equivalent to the following:

Seattle University Course Number and Title	Washington State Community College Common Course Number
Language 1150, 1250, and 1350	Foreign Language or ASL 121, 122 and 123 or demonstrated proficiency

Visit the Transfer Equivalency Guide on the Transfer Tools site for more information on how your credits may transfer to SU: <https://www.seattleu.edu/registrar/transfer-tools/>. Some courses not listed on the Transfer Equivalency Guide may still transfer to SU. For courses not found on this tool, compare course descriptions with SU's course catalog to determine equivalent courses at your college/university: <http://catalog.seattleu.edu/>

This is a sample and not the only way to complete this plan. Number of credits are in parentheses. *Some classes have prerequisites.

Curriculum Notes

- All KINE courses must be graded a C- (1.7) or better.
- BIOL-2200 and BIOL-2210 Anatomy and Physiology i and ii (if both were taken and C- or above was earned) can substitute KINE-1100&1101 and KINE-1200&1201 via petition. The Washington State Community College Common Course Number for those is BIOL& 241 and BIOL& 242. Again, both would need to be completed (with a C- or above): if only one BIOL Anatomy and Physiology course is completed, neither KINE course can be substituted.
- Pay attention to these sequences: Kine-1100&1101 must be taken before KINE-1200&1201 and before KINE-2200&2201. KINE-1300 must be taken before KINE-2100 and before KINE-3300. KINE-2300&2301 must be taken before KINE-3200&3201. There are some more sequences but these are the most important to keep in mind. Ask an advisor for info on when each course is offered.
