

ADVANCED PLACEMENT EXAMINATIONS OF THE COLLEGE ENTRANCE EXAMINATION BOARD (AP)

Advanced placement in courses may be obtained either through approved departmental examinations or by the Advanced Placement Examinations of the College Entrance Examination Board, (CEEB). Credit for AP, IB, CLEP, and/or A-level may not exceed 45 total credits.

Advanced Placement Examinations of the College Entrance Examination Board

Students seeking credit by taking the AP examination through CEEB request that official examination results be sent to the Office of Undergraduate Admissions.

Seattle University credit awarded for AP examinations are not considered to be transfer credits and, therefore, the University Core Curriculum policy 2012-01 regarding transfer credits does not apply. AP credits do fall within the maximum lower division transfer credit restrictions.

AP examination results will be evaluated according to the criteria outlined below. Once an evaluation is completed, the student's record is updated to reflect the credits accepted and may be viewed on MySeattleU, Student Planning area, in the section titled *Program Evaluation*.

The following departments grant credit for AP exams. Examination results relating to other departments will be sent to the appropriate chairperson and action will be determined on an individual basis.

<u>AFRICAN AMERICAN STUDIES</u>	Score 3 or higher	5 credits for general elective; see Department if student is an AAAS minor.
