Seattle University Spring Quarter 2020
WSF Central Sound Ferry Pass Student ORCA Card Contract

Name:_________ SUID:_________ SU Email:_________
Phone (_____) - ___________ County (King, Pierce, Snohomish, etc.) Term and Year:______
ORCA Card #_________ 3-Digit Verification #_________
Start Date:_____/______/______

☐ Renew my products ($167.33) ☐ Replace my lost card ($172.33) ☐ This is my first SU ORCA card ($172.33)

NOTE: Products are purchased after students pay for ORCA for this term. It may take approximately 72 hours to load on to your card.
By initialing below, you certify that you have read and understand which products you are purchasing.

You are purchasing a Central Sound Ferry monthly pass for April and May, and $111.55 in e-purse for June.
The total value of your product is $334.65. SU has subsidized $167.33. Today, you are responsible for paying $167.33. If this is a new or
replacement card, there is a $5 fee for the card itself, which brings the total to $172.33. This walk on passenger ferry pass is only
valid on the Washington State Ferry Central Sound route and is not valid for any other ferry route. This pass is not
valid for the King County Water Taxi or the Kitsap Fast Ferry. Monthly passes provide 31 rides in a specified calendar
month on the specified route.

All sales are final. Refunds are not offered to customers for any reason. Parking and Transportation Services (PTS) can
make general recommendations, but you are responsible to know what transit lines you use and the exact fare cost(s) for your individual
commute. Should the fare for your individual commute cost more than the face value of this pass you alone are responsible for paying the
additional fare. Additional fare costs may come out of your E-Purse. Visit orcacard.com for ORCA’s fare policies.

You must be enrolled a minimum of half time to be eligible for this Transit Pass option. Students enrolled in only
1-week and 2-week courses do not qualify for Transit Passes.

Students may have only one Seattle University-sponsored parking permit or transit product at a time. PTS
cannot provide a transit product and a term-length parking permit to the same student. However, transit product customers may
purchase Pay-by-the-Day permits through iParq, or daily permits from the day permit machine in all SU parking lots or through
PayByPhone. All vehicles on campus must have a valid parking permit, all hours of all days. Visit seattleu.edu/transportation/parking/ for
campus parking policies.

Lost ORCA Cards may be replaced for $5. Transfer of ORCA E-Purse funds and transit products takes approximately 10
business days. You must notify PTS so that a transfer of your existing products can be initiated. Fares will not be subsidized or
reimbursed by Seattle University during this transfer period. To complete the transfer and to activate transferred product, your ORCA
Card must be tapped.

E-Purse accounts are limited to a $300 maximum by ORCA. Seattle University agrees to purchase the products
described in this contract; however, if obligations in this contract cannot be met due to previous purchases by the customer or excess e-
purse, Seattle University retains the right to (1) purchase a different product of equal value, or (2) load products as allowed by the $300
account limit. If products cannot be loaded onto an account due to e-purse limitations, the remainder will be forfeit. Customers will be
notified if Seattle University seeks to modify the products provided in this contract. All purchases will be made by the last day of the term
length covered in this contract. Excess e-purse and the pre-purchasing of transit passes do not constitute ample grounds for refunds.

You must tap your ORCA Card on a stationary fare column to load your product onto your ORCA Card.
Transit products may take a number of days to load onto your ORCA Card. This Lag Time varies, based upon your use, and the different
systems of the many individual transit agencies around our region. ORCA Card readers on busses and in ferry terminals generally have
significantly longer Lag Time than those wired into Sound Transit stations. Always keeping sufficient funds for at least a round trip journey
in your E-Purse will insure that you are always able to take your individual commute. This is your responsibility alone. There is no
reimbursement or match for out of pocket costs associated with Lag Time.

Certification: I, the undersigned, certify that I am a current Seattle University student, that I have read the above information, that I understand it,
and that I agree to abide by these terms.
